

Project Update: Joseph E. Lowery Boulevard Streetscape Improvement Project

City of Atlanta
Department of Public Works

Richard Mendoza, Commissioner

August 2014

Project: Joseph E. Lowery Boulevard Streetscape Improvement Project
Project ID#: 0004463 CD: 4 NPU: T Contractor: Precision 2000

Description: The Joseph E. Lowery Boulevard Streetscape Improvement Project is a pedestrian improvement project along Joseph E. Lowery Boulevard from Ralph David Abernathy Boulevard to the I-20 overpass. Improvements include the installation of sidewalks, pedestrian lighting, street furniture, crosswalks, landscaping and trash receptacles. This project will also include a gateway feature located at the intersection of Joseph E. Lowery Boulevard and Oak Street.

The Joseph E. Lowery Boulevard Streetscape Improvement Project is coordinated in conjunction with the Ralph David Abernathy Streetscape Improvement Project (PI # 0004461)

Phase: Construction is scheduled to begin in November

Schedule Status: On schedule

Construction Start Date: November 2013

Funding Sources: Federal LCI (Livable Community Initiative) & Local City of Atlanta Funding

Project Status: This project is substantially complete. Construction is scheduled for completion by November 2014.

- The contractor is finalizing construction of the clock tower at the intersection of Joseph E. Lowery and Oak Street.
- The completion of the seat wall at the corner of Joseph E. Lowery and Ralph David Abernathy Boulevard is currently underway.

The Department of Public Works, in an ongoing effort to ensure that the community remains aware of progress being made with this project, will continue to keep the community informed through regular updates.
